

Gym use

The Stillwater school district 834 has the following expectations of coaches, players and parents when using school gyms:

- If and when parents drop off players early please remind them that they are not to disrupt or interrupt another group in the gym. They should wait for their coach and appropriate start time.
- If custodians provide a stack of chairs for your parents/spectators please ask parents to place them back on the rack when they are done using.
- Coaches should remain in the school until all players are picked up.
- Please remind parents that if player's siblings are coming to practice they should be supervised as well. They should stay in the gym with practice and not be in other areas of the schools.
